

ARTHIST 370: Architecture and Urban Environment

Architecture and Urbanism will explore the history and patterns of urban forms in some major cities of the modern world, as it relates to urbanism, environment and community. The course focuses on Natural and Green Architecture as well as the Leadership in Energy and Environmental Design Rating System as an emerging movement and requirement in modern architecture that reconnects man to earth through the built environment, which will provide a new framework to approach buildings and structures.
