

PSYCH 340: Personality Psychology

This course provides an overview of the principal theories of personality and human behavior. A wide range of perspectives on personality are presented and evaluated. Students investigate and evaluate various measures of personality assessment and different methods of researching personality. Basic principles of personality structure and personality development are covered. On completion of the course, students will be able to recognize, critique, compare and contrast various theoretical perspectives on personality, as well as apply these theories to real-world situations.
