

# CF 100: Creativity Forum

The ability to think creatively is vital to creating value and living contributive lives, and is one of the significant learning outcomes at SUA. The fundamental assumptions underlying this course are 1) that creativity is not limited to any one discipline or subject and 2) that the capacity to think creatively is inherent in everyone, and can be fostered and brought out. This course will examine both the theory and practice of creativity, at both the individual and team or group level, looking at application of creative thinking processes in a range of fields of endeavor.
