CARTS 260: Advanced Creative Dance

Developing an awareness of the relationship between dance, music, drama, and the visual arts, analytical and conceptual skills will be applied to the creative and collaborative process of art making. Working together through dance improvisation and arts experimentation, interactive collaborations will culminate in an original art event. When the arts intersect each other, their visual and aural potencies are enriched. Learning how to develop and control these images will be explored. The great collaborations of the 20th Century will be studied through readings, lectures, discussions and viewing videos.
